

Tandem Finance bolsters Bardwell's new Transportation Finance Team and Vendor Services

FOR IMMEDIATE RELEASE

JAN 26, 2021

FORT COLLINS, COLO. – Tandem Finance announces the recent formation of Tandem Transportation Finance. The new team is led by industry veteran and Tandem General Sales Manager of Transportation and Construction, Mike Bardwell. He and the company have rostered industry veterans: Greg Clemens, Warren Story, Dallas Bardwell, Robert Fischer and Carl Meinhardt to launch them into the national transportation marketplace.

Bardwell says, “our focus is to reach out and support the established commercial transportation dealers in the lower 48 states while providing consistent service, deep credit and risk-adjusted pricing. We’re building a strong performing portfolio of high-quality transportation equipment assets.”

Tandem is prepared to deliver competitive credit approvals from “A” to “Startup” credit profiles. A dedicated Vendor Service Team designed to support the commercial trucking dealership’s unique needs has been established. Bardwell closes by stating, “With our appetite for a wide range of commercial credit profiles in vocational, medium-duty and select Class-8 applications, Tandem Transportation Finance will serve a wide cross-section of the needs that are not fully served in today’s marketplace.”

Tandem Finance Inc. provides equipment financing to SMBs in the U.S. through the equipment vendor channel. Tandem Finance is a wholly-owned subsidiary of Chesswood Group Limited. Chesswood Group Limited, publicly traded on the Toronto Stock Exchange (TSX: CHW), is a financial services company operating in the specialty finance industry in North America.
